

HERBICIDE USE NOTIFICATION

NEW HAMPSHIRE ELECTRIC CO-OP (NHE CO-OP) intends to apply herbicides along various power-line rights-of-way during 2024. The following herbicides: Escort XP (Metolachlor Methyl), Garlon 4 Ultra (Triclopyr), Kreteite S (Fosamine Ammonium), On Deck (Dicamba and 2,4-D) and Clash (Dicamba) may be used for treatment. Treatments are scheduled to commence on or about the 1st of July 2024. The following lines, taps and their respective municipalities are scheduled for treatment:

TOWN	LINE	TOWN	LINE	TOWN	LINE	TOWN	LINE
Acworth	8	Deerfield	D	Lempster	13	Nottingham	R2,R3,13
Alton	20,300,304,305, 309,325	Derry	15,28	Londonderry	15	Orford	9
Auburn	15	Dorchester	9	Loudon	8	Ossipee	3,4,5,6
Barnstead	1,2,7,20,311	Effingham	6,8	Lyme	9	Sandown	14,16
Belmont	8,9,19	Franklin	9	Marlow	3,13	Sandwich	1,2,7
Bridgewater	20	Fremont	14	Mercedith	120,121,122, 123,124,145	Taunworth	2
Bristol	20	Gilmanston	8,300,309,310,			Thornton	51,54,55,56,500
Brookfield	6	Hanover	9	Moultonborough	1,144,145,146, 147,160,169	Tuftsboro	3,4,5,180
Canterbury	8,9	Kingston	17,18	New Durham	304	Wakefield	6
Chester	14	Laconia	124	New Hampton	122	Washington	3
Danville	14,16,17	Langdon	8	Northfield	8,9,19	Wolfeboro	6
		Lee	R3			Woodstock	56,60,500

NHE CO-OP lines can be identified by a metal tag attached to the pole with the following letter initials "NHE CO-OP" followed by a line identification number and a pole number usually immediately under the co-op label.

In accordance with the N.H. Division of Pesticide Control Regulations, individual landowners that receive individual notification, fill out the attached Notification Request Coupon and return to the address as indicated below no later than **JUNE 1st, 2024**. Requests received after this date will not be considered for this treatment cycle.

In addition to the written notification, individual landowners whose property abuts or over whose property the right-of-way passes, have the right to request and receive the approximate date, (within 5 days before or 5 days after the actual date of application) that herbicides will be or have been applied in your area.

Further information may be requested by contacting: VCS (Consultant to NHEC) Michael Couture, Project Manager - 2342 Main Street, Athol, MA 01331, Telephone 603-325-3227.

COUPON FOR PERSONAL NOTIFICATION REQUEST:

NAME: _____ TOWN OF AFFECTED PROPERTY: _____
 STREET: _____ TOWN: _____ STATE: _____ ZIP: _____
 TELEPHONE: DAY _____ NIGHT: _____
 UTILITY INITIALS ON POLE _____ NUMBERS _____

REQUESTING:

- 30 DAY PRIOR WRITTEN NOTIFICATION
 5 DAY BEFORE OR 5 DAY POST APPLICATION NOTIFICATION

In accordance with State Regulations, it is the duty of each landowner or resident to make VCS aware of the location of potentially affected private water supplies and any other environmentally sensitive areas where herbicide application should be further restricted.

- Spring or Well
 Crops or Pasture
 Other

Send Coupons to: VCS C/O Michael Couture, Project Manager, 2342 Main Street,
 Athol, MA 01331

Thirty Day written notification must be received by Michael Couture, Project Manager no later than **JUNE 1st, 2024**. Requests received after this date will not be granted until next treatment cycle.

— NOTICE —

to Homeowners Along Electric Distribution Rights of Way

New Hampshire Electric Co-op (NHEC) has contracted with Vegetation Control Service, Inc. (VCS) to conduct an Herbicide Application Program on or adjacent to your property. VCS is an industry leader with 40 years of herbicide application experience in right of way maintenance programs.

This herbicide application will be part of NHEC's Integrated Vegetation Management Program (IVMP). A selective herbicide application will be used to control regrowth of hardwood stump sprouts from recent cutting, trimming or mowing operations on the distribution system. This is very essential to provide safe and reliable electric delivery. This selective herbicide application prevents undesirable, tall growing tree species from growing up into the conductors. It also establishes a low growing, stable plant community that allows crews working to maintain or restore power, access to the lines.

The use of herbicides as part of our IVMP is regulated by federal and state statutes and regulations. These requirements protect sensitive areas such as: Surface Waters, Public and Private Wells, Wetlands, Visually sensitive areas near roads and/or residences.

The herbicide products used for this application have been registered with the Environmental Protection Agency (EPA) and will be applied by certified applicators according to specific label directions. Applications will be selective, in that the herbicides will be applied directly to undesirable target species.

If you have any concerns about this application please contact VCS within 14 days of the date on reverse side.

This notice was delivered on: _____

Treatments are scheduled to commence on or about: _____

VCS Representative: _____

May be contacted at: **603-325-3227**

NHEC Line #: _____ Pole #: _____

Town: _____, NH

Contact Hours: **Monday-Friday / 8am-4pm**

NHEC lines can be identified by a metal tag attached to the pole with the letters "NHE CO-OP" followed by a line identification # and pole # usually immediately under the "co-op" label.

NHEC believes that our IVMP is the most responsible way to provide safe, reliable electric distribution service to our members at a reasonable cost with the least impact to our environment. Please visit our website for more information about NHEC's IVMP at:
